CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution follows the curriculum designed by Periyar University. The college operates at UG,PG and Research level keeping in mind goals and

objectives that is to make the students employable through holistic education and skill development. The College publishes a detailed prospectus that provides all necessary information about the College, its courses on offer, the fee structure, faculty, etc. so that students are empowered to make informed choices. All UG,PG and Research courses offered by the college have semester system. In the beginning of the academic year, an action plan is prepared, separate time tables for Arts, Commerce, Science and other programmes are prepared. In tune with the changes of syllabi made by the university, the college procures required number of books in the library. Each academic session starts with students counseling programmes to welcome the new students and to acquaint them the academic course and college activities, College rules are also briefed on the day. Syllabus distribution among the faculty members of the departments are done in advance before the start of the semester classes, vis-a-vis the specialization and area of interest of the teachers. The faculty members are also given lesson plan, in which they chalk out their teaching plans for the term, to complete the syllabi within stipulated time. If, for any reason, a faculty fails to finish his/her syllabi within the stipulated time, he/she arranges special classes for his/her subjects. Conventional mode of lecture using chalk, blackboard, green board, Power point, e-content, maps, diagrams, charts and demonstrations are used for classroom teaching besides adherence to electronic gadgets to simplify explanations through audio-visual aids i.e., ICT enabled lectures are ensured. The process is supported by devices like- overhead projector, digital projector, internet and e-library facility etc. The teachers are preparing Power point presentation and download YouTube video encouraged to use the ICT in classes. The use of ICT, laptop, well equipped laboratory facilitates etc. are made available to the students to improve their performance. Invited talks on current topics are encouraged. Regular evaluation test is conducted to identify the weak areas of the students besides the regular evaluation process prescribed by the university like Periodic tests and Sessional examinations. Remedial classes are held for slow learners. To supplement the curriculum, the college offers certificate courses. The college develops curriculum for the certificate courses offered by it. Facilities like INFLIBNET, DELNET and books are available in the college for reference. Infrastructure facilities like seminar hall equipped with LCD projectors are available in the college. The college has collaborations with industries and has also signed MOUs. PGP College of Arts and Science College believes that the education can bring about significant and lasting change among individual and society. Empowering learners with knowledge and skills required for employability. Excursion tour/field visit to develop observation skill among the students. Each department organizes seminars, and lectures to impart knowledge in the concerned subjects.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
Feedbacks were obtained from various stakeholders either in online or offline mode. Questionnaires were prepared by IQAC. In consultation with the Management, the questionnaires will be administered to obtain the feedback from various stakeholders. Parameters used to obtain the feedback are Course Content, Teaching-Learning, and Facilities for Learning, Application of Learning and Employability opportunities. Likert scale is used to rate the responses. The feedback given shows that ? Curriculum design for various programmes are good ? Learning resources (Classrooms Labs) are sufficient ? Teaching methodology should have more diversity ? Placement opportunities could be improved ? More certificate programmes need to be offered The following actions were taken by the management ? Integration of E-Learning resources in day-to-day teaching and learning Initiative to conduct more certificate courses in addition to regular academic programmes to enhance employment opportunities.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The mentoring system facilitates understanding of students' issues so that corrective measures could be taken to promote better learning habits. Counselors exclusively for female students are available to solve adolescent psychological issues. Mentoring Activities: 1. Each class has a class-advisor. 2. In Science faculty every practical subject has practical in-charge. 3. College conducted induction program for 1st year students on the following topics- - Introduction of college - Various activities being conduct by the college faculties - Examination pattern - Career Opportunities - Health Stress Management 4. Arts Science faculty guides 2nd and 3rd year students about specialized subjects during their curriculum career opportunities related to those subjects. 5. Skilled development workshops are conducted every year for employability enhancement of the students. 6. Placement cell conducts various training programmes for better career opportunities of the students. 7. Competitive examination cell conducts guest lecture and give guidance about competitive examinations through resource/skilled persons. 8. Through various departments, students are sent for Internship. 9. Teachers are motivating and sending students for guest lectures and students meet in various Research Institutes. 10. Teacher gives support in the form of books, and notes bank facilities to the needy students. - Advice and need based mentoring is done on personal issues of the students.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The institution appointed college exam officer for smooth conducting the Examinations and making policy decisions in regard to organizing examinations, improving the systems of examinations. Institute Adopted Centralized Continuous Internal Evaluation (CIE) System to assess student's development in both the semester. The institute has faculty wise internal exam committees who made aware of the CIE and evaluation process. Continuous assessment is a form of examination that assesses a student's advancement throughout the semester. Supporters of continuous assessment exhibit that this approach allows tracing of progress of students and has a chance of offering more attention and guidance as well as supports to improve. In our college an effort has been taken to evaluate the students' academic development continuously with their education. The teachers after completing a chapter (or portion of the syllabus) take unit tests regarding the studied chapter(s). The tests are arranged by the

teachers within the class routines. This particularly helps to assess the students' weakness that gives importance later by the teachers and mentors and will help the students to overcome their weakness. Additionally, within the curriculum of Periyar University under CBCS system the college has to arrange internal assessment. The marks here are given on the basis of internal examination, tutorial and percentage of attendance in the classes. The questions here again become suggestive to the final examination and the marks obtained through internal assessment were uploaded to the University portal to be added in the final result. Weak students, whose performance is not satisfactory in Internal Assignments, were given additional chances to resubmit their Internal Assignments. Thus the college has taken a continuous arrangement to engage the students towards their curriculum to provide them with a constant stream of opportunity to prove their mastery and sends a message that everyone can succeed if given enough time and practice. This reduces the worry around difficult and increases the importance on learning. In this system the college also can help the advanced students in their progress through emphasis at their individual step by pursuing more inspiring work. The Principal conducts Review Meetings department wise to give necessary feedback for the improvement of students' performance. Whenever necessary, the tutor shall recommend the visit of the parent to the college for a discussion about the Student. Remedial Classes are conducted for the slow learners, absentees. Assessments of group discussions, seminars, assignments and periodically held written tests help to know the performance of the students and to take remedial measure if needed. Supplementary and revaluation of Examinations are conducted by the University.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The College roles in agreement with the University following all regulations and guidelines provided. For this purpose an academic plan mentioning holidays, teaching days, seminar/workshop slots, etc. in a semester is prepared at the beginning of the session and it is being followed strictly except during unavoidable circumstances. The framework of this calendar has provisions for tentative schedules for internal and end semester examinations and revisions provided to students for the same. According to the schedule of the university we give notice of students' enrolment, class notice, internal assessment and internal assignments, registration, students' form fill up etc. On the basis of this the Routine sub- committee of the Teachers' Committee prepares a detailed timetable and academic calendar for the entire semester. Finally this is distributed to the departmental teachers and the students and also made available on college Website. The effectiveness of the process is maintained through effective monitoring by the Principal/Vice-Principal. The Principal/Vice Principal sees to it that all departments follows academic calendar. The college has a vibrant culture of instilling inquisitiveness and scientific temper among the students through a number of activities.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Two Best Practices of the institution a. Title of the Practice Technocracy b. Objectives of the Practice ? To reduce manual labour with machinery and software with effective time Management. ? To standardize the office procedures. ? To maintain student profile and to create roll numbers. ? To generate register number for students and to process/prepare hall tickets. ? To simplify the preparation of internal and external mark statements and Publications of results by Affiliating University. ? To facilitate the accessing of books and journals through library's weblog. ? To participate in resource sharing networks/consortia. c. The Context ? To be a computer savvy is a status symbol of every person working in the institution. The increase in students' strength makes mandatory the implementation of computer software and techno expertise in the administrative procedures of the office. The burdensome, time consuming tasks have to be lessened and simplified to the possible extent. Use of standardized methods for both internal and external communication is essential in today's scenario. All employees (teaching as well as the support staff) sensitize the exigency to evolve as computer literates. Scarcity of time and slow manual activity also necessitate the introduction of automation. ? The Examination cell executes tasks that require a lot of clerical work. Hence, the need to automate the college office and the Examination cell. ? To easy access of books and journals , research materials and recourses can be utilized in library is digitalized d. The Practice ? Office automation gets many tasks accomplished faster. The College office implemented automation in the year 2016. The automation work starts from the admission of a student into the College. ? The mark statement and the profile of the applicants are entered and quota wise merit list is prepared automatically. Automation easily processes the students' fee payment. Then, the roll number is generated in the office and the copy is sent to the Controller's Office. The pay bill of staff members is prepared with the help of visual FoxPro software. Financial accounts and stock verification are carried out using visual FoxPro. ? In the Controller's Office of the Affiliating University, the register number, the students' Enrolment for the examination and the hall ticket are generated. Internal marks for theory and practical are entered by the course teacher and sent to the Controller of Examinations through intranet. Consolidated mark statement is prepared by the Controller's Office using Java Programming Software and sent to the respective departments for verification. After the summative examinations, the results are published online. ? All department computers are connected via internet and this enables transmitting instant messages, creating staff profile, submitting internal test and quiz, question papers, model question papers and blue print, sending consolidated internal marks, booking halls for guest lectures, seminars and conferences and forwarding informative circulars. e. Evidence of Success ? The computers are used quick and error free execution of works. ? Standardized forms ensure uniformity and accuracy. ? There is increase in the number of users of library weblog every day. ? Detailed information flows continuously. ? Data storage is a mode of verification if at all any problem arises in future. f. Please identify the problems encountered and resources required to implement the practice Problems Encountered ? Reluctance to use automation among staff and students. ? Fear of data loss/security. ? Technical faults such as low speed and inaccuracy at times. ? Imbalance between the number of students and the number of computers. ? Different versions of systems Resources Required ? More computers with latest configuration. ? More printers, copiers and scanners. ? Huge investment i. Title of the Practice A Heaven-like Haven ii.

Objectives of the Practice ? To provide a safe and secure environment. ? To enable the students to live and learn outside their homes. ? To render the best amenities to the students so as to make them feel at home. ? To ensure the highest comfort for all students at all seasons. ? To create a conducive and serene atmosphere for learning. ? To enhance academic activity in a community setting of students and faculty. ? To respond to the physical, cognitive and psychological needs of the stakeholders. ? To confer the vital social and emotional support and parental love and care that is available in a family environment. ? To provide a well-balanced, wholesome and nutritious food to the students.

iii. The Context The College, located in the outskirts of Pillaikalathur, the headquarters of Namakkal District, caters to the educational needs of the rural womenfolk from the surrounding towns and villages. As most of the stakeholders are from the neighboring towns and villages, it becomes mandatory for the College to run a hostel and cater to the requirements of the residential students. As the institution is renowned for maintaining discipline among the learners, parents prefer to admit their wards as residents in the institution.

iv .The Practice Nearly 600 students are accommodated in the one hostel inside the campus. Students coming from various strata have the opportunity to have an intrinsic life- learning experience. Life in a hostel is the most interesting and significant part in students' life. It gives them a rare chance to become self-reliant, responsible and to have moral integrity. They can adhere to the ethical values of life, an essential parameter of their disposition. The unique feature of the residential system in the college is that it is governed by the Management itself. On the whole there are 50 rooms accommodating nearly 600 students. Each room accommodates minimum six students. All the rooms are properly ventilated and the windows in the rooms are fitted with mosquito preventing nets. Each room is provided with basic amenities like sufficient number of rest rooms, uninterrupted power supply and water supplies making the students' stay comfortable and relishing. Solar water heating system is installed in the hostel. To guarantee the safety of the inmates the Management has arranged tight security round the clock. The Management is very much anxious about the health of the students. They are provided with well-balanced, wholesome and nutritious food, vegetarian and non- vegetarian with South Indian varieties. Students also play an active role in running the hostel. They are given freedom to plan the menu for every week in turns. Spacious kitchens with all modern and sophisticated cooking gadgets add up extra attraction to the hostel. A well-furnished dining hall with pest-control system can accommodate all the inmates at a time. Mess fee is calculated and collected on the basis of dividing system. Enough copies of English and Tamil newspapers are available in the hostel. Students can make the optimum use of it and update themselves with current affairs so as to become competent enough to fit into this competitive world. Library is kept open even on Sundays for the benefit of the stakeholders. Browsing facility at free of cost is also provided to the inmates. Many students avail this facility for their research work and paper presentations at the collegiate and intercollegiate level. Residential students have the privilege of attending vocational courses like type writing, Hindi, tailoring, painting, embroidery and yoga thereby enhancing their self-employability. A health care unit with basic medical facilities monitors the medical needs of the students. In case of emergency, students are taken to the Primary Health Centre. To safeguard the students from water-borne diseases RO treated water is used throughout the year for drinking and cooking purposes. A gymnasium equipped with gadgets is always within the reach of the inmates who care about maintaining a sound body. Recreation has an important role in the overall development of a student's personality. Recreation facilities have been offered to the hostel students. Each hostel is provided with a Television. Movies are screened on Saturdays. To promote communal harmony among the Student community Deepavali, Pongal, Christmas and New Year are celebrated. New Year

celebration is really a rejuvenating experience to them. They have an opportunity to unleash their histrionic talents. Every year Hostel Day is celebrated with vigor and enthusiasm. Various competitions are conducted and students partake actively to exhibit their innate talents. A magazine evincing the students' artistic talents and creativity is also released on this occasion. To enliven the spirit of the young minds, the Managing Board arranges picnic for them. To facilitate easy communication between the students and their family members, smart card system has been introduced thereby bridging the geographical gap between them. v . Evidence of Success The increasing number of students in the hostel itself evinces the success of the practice. The institution is renowned for the maintenance of strict discipline and security. So the parents are very particular to admit their wards in this institution. In the summative examinations, the pass percentage of the hostel students is higher than that of the day scholars. This is also an evidence of the successful running of the hostel. vi. Problems Encountered Increase in the number of students in the hostel poses a problem to the Management.

Educating and Empowering Rural Student, especially the vulnerable and poor. The College is aware of the fact that Higher Education Institutions have to play an important role in arresting environment degradation. Hence, it has taken steps not only to create environment consciousness among the staff and students but also to keep the entire campus 'GREEN' in words and action. The environmental degradation is arrested through Luxuriously grown trees Tree planting whenever necessary Conservation of energy by replacing the tube lights with CFL bulbs, Turning off electricity in class rooms and hostels, and other places when sunlight is naturally available in plenty Prohibition of movement of vehicles inside the campus Water harvesting Carbon neutrality Use of solar energy Hazardous waste management Inclusion of a course on 'Environmental Education' in the curriculum itself.
